

How to submit a Form 8 in Water Online

Regulation 41C of the Rights in Water and Irrigation Regulations 2000

When you have to install a meter on a draw point in accordance with regulation 41C of the Rights in Water and Irrigation Regulations 2000, you also have to submit a Form 8 for information about the new meter(s). If you are replacing a meter, please refer to the instructions at Section 2 below to submit a Form 8 for replacement meters in Water Online.

If you are unsure whether to submit a Form 8 for new meters or Form 8 for replacement meters, please contact the Department of Water and Environmental Regulation's (the department) Business Support Unit via email at licence.enquiry@dwer.wa.gov.au (preferred) or phone 1800 508 885.

If you are unsure how to complete the form in Water Online, click on the blue question mark next to each section in Water Online and help text will appear.

1. How to upload a Form 8: new meter

1. Find and open your water licence on Water Online through the **Licences & Permits** tab.
2. Under **Other** on the right-hand side of the screen, click **Form 8**.

The current water year's usage amount is ?

3. Click **Form 8 for New Meters** (left-hand option) – this will open a new online form.

The screenshot shows the top navigation bar with the Government of Western Australia logo and the Department of Water and Environmental Regulation. The 'Licences & Permits' menu is active. Below the navigation bar, there is a blue bar indicating the user is acting on behalf of someone, with an 'End' button. The main content area is titled 'Form 8' and contains two buttons: 'Form 8 for New Meters' (highlighted with a red box) and 'Form 8 for Replacement Meters'. Below these buttons is a 'Forms' section with a search bar and a table with columns: Reference, Drawpoint Name, Drawpoint Colloquial Name, Meter Type, Serial No, Replacement Meter, Status, Last Updated, and Actions. The table is currently empty, showing 'You have no forms.'

4. On the right-hand progress panel, click **Meter Details**.

The screenshot shows the 'Meter Details' form. The form fields include: Property (dropdown), Drawpoint Name (dropdown with a red error message 'Please specify the drawpoint name.'), Drawpoint Colloquial Name (text input), Meter Type (dropdown), Model of Meter (text input), Serial Number (text input), Size of Meter (text input with 'millimeters' unit), Installation Date (calendar icon), Initial Reading at Installation (text input with 'kilolitres' unit), and Is meter a x10 meter? (dropdown). On the right side, there is a progress panel with a green save icon and a right arrow icon. The progress panel is highlighted with a red box and contains the following items: 'Saved a few seconds ago.', 'Licence Details', 'Meter Details' (highlighted with a blue bar and a '1' notification), 'Details Of Installation', 'Validation Summary', and 'Submit'.

5. Select the property where the meter has been installed from the **Property** dropdown list. This will filter the list of available **Drawpoint Names** for you to select. If the property or drawpoint name you need is not listed, or if there are multiple options and you are unsure which to select you can contact the Business Support Unit.

When the property and drawpoint name fields have been selected, enter the meter details into the rest of the fields on the page and click the green **save icon** next to the progress panel.

6. Click **Details of Installation** on the progress panel. On the new page, you need to attach information as listed in the text box 'Details of Installation' by clicking on **Add Supporting Document**.

The screenshot shows a web application interface. At the top, there is a navigation bar with links: Home, Applications, Assessments, Licences & Permits, Planning Advice, and Manage. A user profile indicator shows 'You are acting on behalf of' and a 'Log out' link. Below the navigation bar is a progress panel with several items: 'Licence Details', 'Existing Meter Details', 'New Meter Details' (with a red '7' notification), 'Details Of Installation' (selected with a blue bar and a red '2' notification), 'Validation Summary', and 'Submit' (with a red '1' notification). The main content area is titled 'Details Of Installation' and contains two sections for attachments. The first section, 'Please attach:', lists three requirements: 1. Drawings or annotated photographs of the meter after its installation showing details like pipe length, flange length, and flow direction. The second section, 'Please attach:', lists two requirements: 1. A copy of the manufacturer's specifications for the installation of the meter OR 2. Written advice from the person who installed the meter that it complies with the manufacturer's specifications. Below these sections is a text area for 'Add any further comments about the meter installation (optional)'. At the bottom, a message states 'No Supporting Documents' and provides two buttons: 'Add Further Comments' and 'Add Supporting Document', with the latter highlighted in red.

7. After clicking **Add Supporting Document**, select the relevant **Information Item** and upload the necessary documents for each information item.

The screenshot shows a modal window titled 'Supporting Document'. It contains three main input fields: 'Information Item' (a dropdown menu), 'Document' (a button labeled '+ Select File'), and 'Comments' (a text area). At the bottom right of the modal is a green 'Add' button.

Please note that in accordance with regulation 41C of the Rights in Water and Irrigation Regulations 2000, the following **Information Items** must be submitted:

- drawings or annotated photographs of the meter after its installation, and
- one option from either (a) or (b) below:
 - a) a copy of the manufacturer's specifications for the installation of the meter
 - b) written advice from the person who installed the meter stating that it complies with the manufacturer's specifications for installation.

If you do not submit the required **Information Items**, you will not be able to continue lodging the form. Any outstanding item(s) will be noted in the **Validation Summary**.

If the information is provided within one document (e.g. within one PDF), you can upload this document against each **Information Item** to allow you to continue submitting the form.

You also have the option to **Add Further Comments**.

Click the green **save** icon next to the right-hand progress panel.

If you see either of the following error messages while filling in the **Details of Installation**, you have not provided enough supporting documents. Please upload a supporting document against each **Information Item** type.

Please submit the following supporting document: Drawings or annotated photographs of the meter after its installation.

Please submit the following supporting document: A copy of the manufacturer's specifications for the installation of the meter OR Written advice from the person who installed the meter that it complies with the manufacturer's specifications for installation.

- If any information is outstanding or invalid, this will be noted in the **Validation Summary**. Navigate back to the section(s) showing a red error number and fix any issues. Without this information being fixed the department cannot accept the Form 8.

The screenshot shows a red error message box with the text: "Please see below errors when validated a few seconds ago." Below this is a "Submit" button with a red "1 error" indicator. A message below the button says "Please agree to the terms and conditions." To the right is a vertical navigation menu with a green "save" icon at the top. The menu items are: "Licence Details", "Meter Details", "Details Of Installation", "Validation Summary" (highlighted in blue), and "Submit" (with a red error icon).

- Click on the **Submit** tab. You will be asked to agree to the terms and conditions before being able to submit the form.
- Once the form has been submitted, you will be automatically returned to the Form 8 page. The details of the new meter will be visible in the Forms table, with a Form 8 **Reference** number displayed.

The screenshot shows the "Form 8" page in the Government of Western Australia Department of Water and Environmental Regulation portal. The page has a blue header with the logo and "Log out" link. Below the header is a navigation menu with "Licences & Permits" selected. A blue bar indicates "You are acting on behalf of" with an "End" button. The main content area is titled "Form 8" and contains two boxes: "Form 8 for New Meters" and "Form 8 for Replacement Meters". Below these is a "Forms" table with a search bar and a "Submitted" filter. The table has the following columns: Reference, Drawpoint Name, Drawpoint Colloquial Name, Meter Type, Serial No, Replacement Meter, Status, Last Updated, and Actions. A red box highlights the first row of the table.

Reference	Drawpoint Name	Drawpoint Colloquial Name	Meter Type	Serial No	Replacement Meter	Status	Last Updated	Actions
00000189	Drawpoint - 010664	Default: DPT_ID 166772 (E380199 N6499891 Z50)	BIL	456-887-X23	No	Submitted	30/04/2020	View Print

11. If you need to save and close the Form 8 while filling it in, you can. Return to the form by clicking **Edit** on the unsubmitted form. You can also **Delete** the unsubmitted form if it is no longer needed.

3. Click **Form 8 for Replacement Meters** (right-hand option) this will open a new online form.

The screenshot shows the website header with the Government of Western Australia logo and navigation menu. The 'Licences & Permits' menu item is active. Below the navigation, there is a blue bar indicating the user is acting on behalf of a user. The main content area is titled 'Form 8' and contains two buttons: 'Form 8 for New Meters' and 'Form 8 for Replacement Meters'. The 'Form 8 for Replacement Meters' button is highlighted with a red box. Below the buttons is a 'Forms' section with a search bar and a table with columns: Reference, Drawpoint Name, Drawpoint Colloquial Name, Meter Type, Serial No, Replacement Meter, Status, Last Updated, and Actions. The table is currently empty, showing 'You have no forms.'

4. On the right-hand progress panel, click **Existing Meter Details**

The screenshot shows the 'Existing Meter Details' form. The form has several fields: Property (dropdown), Drawpoint Name (dropdown), Drawpoint Colloquial Name, Meter Type, Model of Meter, Serial Number, Size of Meter, Installation Date, Initial Reading at Installation, Is meter a x10 meter?, Final Meter Reading (with a kilolitres unit), and Final Reading Date. On the right-hand side, there is a progress panel with a list of options: Saved a few seconds ago, Licence Details, Existing Meter Details (highlighted with a red box), New Meter Details, Details Of Installation, Validation Summary, and Submit. A green save icon is visible above the progress panel.

5. Select the **Property** this meter has been installed on from the **Property** dropdown list. This will filter the list of available **Drawpoint Names** for you to select. If the property or drawpoint name you are looking for is not listed, or if you have multiple options and you are unsure which to select, please contact the Business Support Unit.

Once the property and drawpoint name fields have been selected, the existing meter details will auto-fill. Enter in the **Final Meter Reading** and **Final Reading Date**. Click the green **save** icon.
