QUICK GUIDE

Water Online Portal

New Request – Zoom Functionality on a Map

Zoom In / Out of a Map (within the Properties Pill)

To zoom in and out of a map:

1. At the bottom right of the screen there is a + and – symbol
2. By clicking on the + symbol the map will zoom in / move closer / magnify to a central point on the screen
3. By clicking on the – symbol the map will zoom out / move away / diminish from a central point on the screen
